1 Module Overview

Strato Stock Handling Module is an add-on module that installs the stock handling functionality to your Strato system. With this module, you can:

- Add suppliers and their data to your Strato system.
- Create articles and accessories that you will supply to your clients.
- Handle your own stock of hearing aids – deliver or lend them to clients.
- Keep track of any consignment stock that is supplied to you by Hearing Aids manufacturers.

2 Module Essentials

The below image gives an overview of the basic parts of the **Strato Stock Handling Module**.

3 Creating Suppliers, Articles, and Stock Items

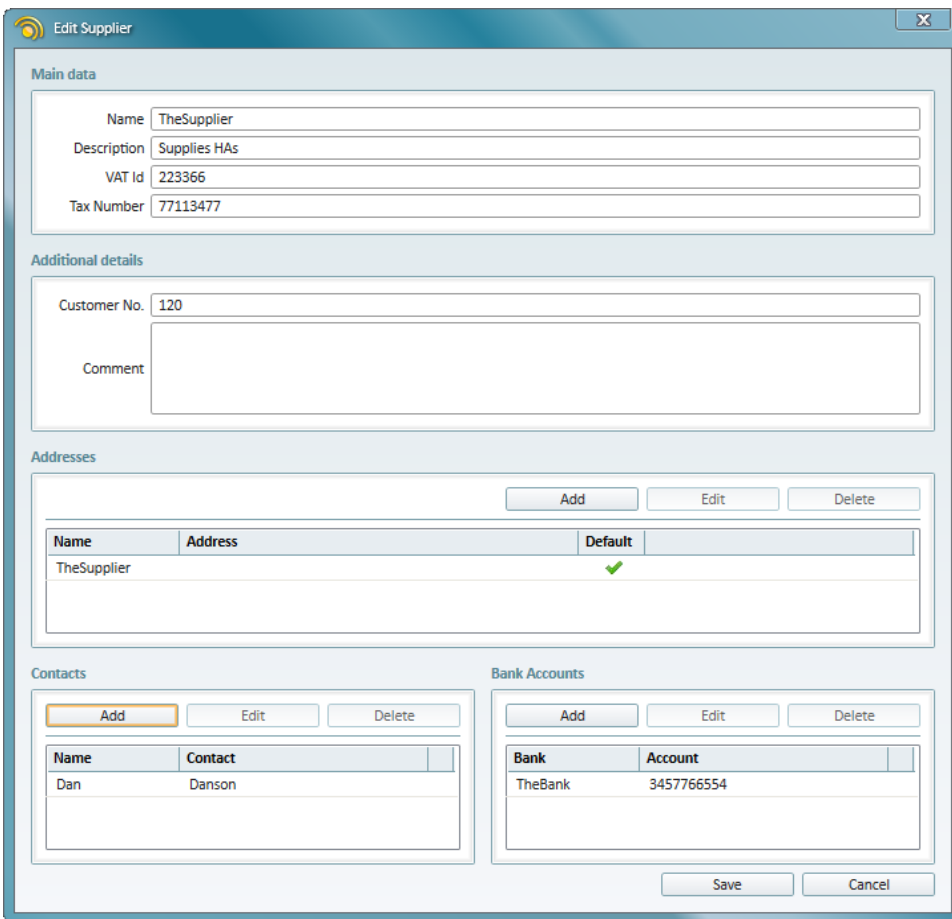

To start using the **Strato Stock Module**, you need to create:

1. Suppliers.
2. Articles.
3. Stock Items.

3.1 Creating Suppliers

To add a new supplier:

1. Navigate to **Administration > Suppliers**.
2. Click the **+** (plus) button and enter the required information. Then click **Save**.

The screenshot shows the 'Edit Supplier' window with the following sections:

- Main data:** Name: TheSupplier, Description: Supplies HAs, VAT Id: 223366, Tax Number: 77113477.
- Additional details:** Customer No.: 120, Comment: (empty text area).
- Addresses:** A table with columns Name, Address, and Default. One entry is shown: TheSupplier with a green checkmark in the Default column.
- Contacts:** A table with columns Name and Contact. One entry is shown: Dan with Danson in the Contact column.
- Bank Accounts:** A table with columns Bank and Account. One entry is shown: TheBank with 3457766554 in the Account column.

Buttons for 'Add', 'Edit', and 'Delete' are present for each section. 'Save' and 'Cancel' buttons are at the bottom.

If you want to add more details later, click the **pencil** icon at the right to edit a supplier.

Suppliers

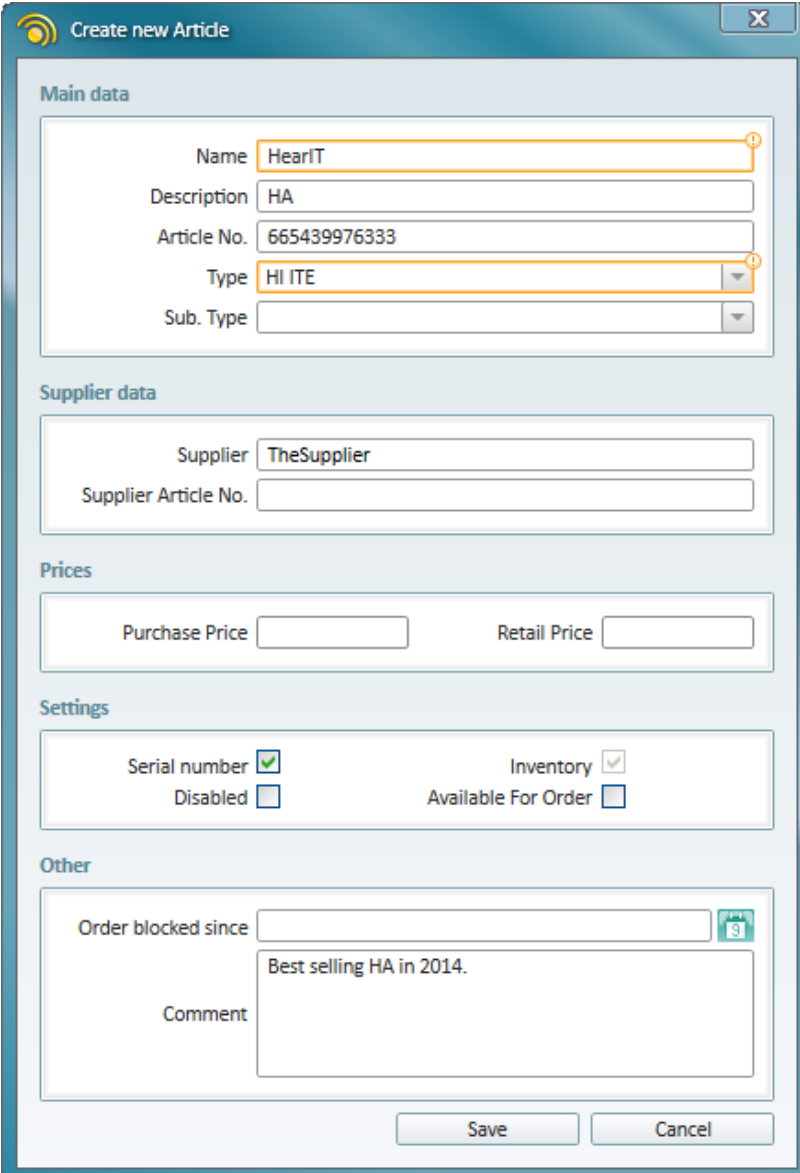

Name	Description	
John Loe		
TheSupplier	Supplies HAs	

Icons for adding (+), editing (pencil), and deleting (trash) are shown on the right side of the table.

3.2 Creating Articles

To create a new article:

1. Navigate to **Clinic Tasks > Article EXPLORE**.
2. Click the **New article** button. In the **Create new Article** dialog that opens, enter the required information.
3. If the **Inventory** option is checked, it means that an article must be in stock if you want to deliver it.
4. If you check the **Serial number** option, please note that you will need to enter a serial number of an item when placing an article in stock.

Create new Article

Main data

Name: HearIT

Description: HA

Article No.: 665439976333

Type: HI ITE

Save Cancel

5. Click **Save** when finished. Your article has been added.

3.3 Adding Stock Items

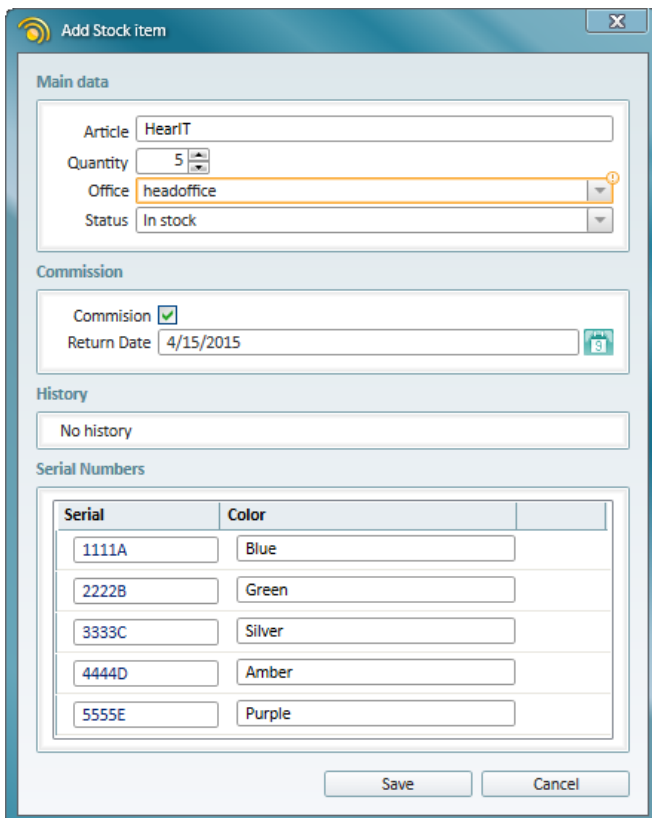

To add a new item to the stock:

1. Navigate to **Clinic Tasks > Stock item EXPLORE**.
2. Click the **New Stock item** button. The **Add Stock item** dialog opens.

3. In the **Article** field, specify the first letter of any article you previously added and then select an appropriate article from the list. Once it is done, you will see 2 new sections (**Commission and Serial Numbers**) appeared in the dialog.

Note: With each increased number in the **Quantity** option, a new field for a serial number appears in the **Serial Numbers** section.

4. Select an office and specify a status for this stock item.
5. To indicate that stock items are in commission from a supplier, check the **Commission** box and select the date of return from a calendar (if applicable).
6. Last, specify a serial number and color for every item type and click **Save**. Your stock item has been added.
7. Now click the **Search** button to find all the stock items, and you will see that a stock list has been updated with your items.

4 Managing Sale Items

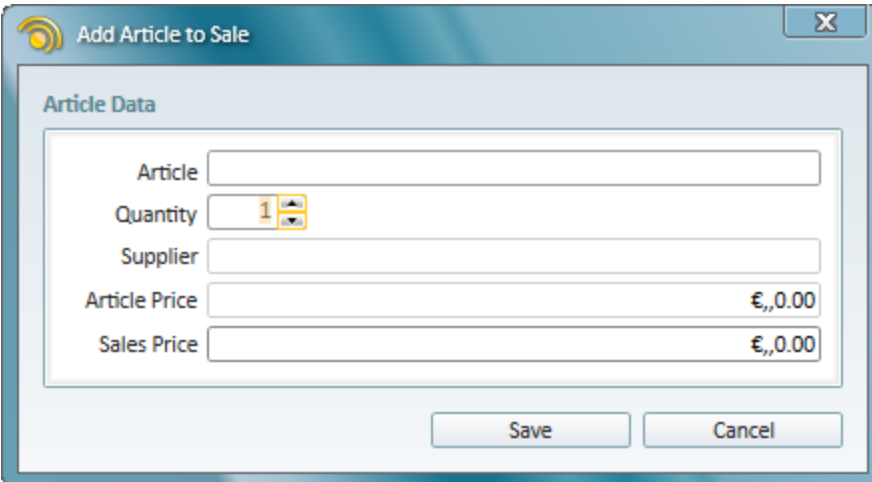

4.1 Delivering and Lending Hearing Aids

To deliver or lend a Hearing Aid to a client:

1. Choose a client and navigate to the **Sale** icon on the left navigation pane.

2. Click the **Click to add new** link to open the **Add Article to Sale** dialog.

3. In the **Article** field, specify the first letter of any article you previously added and then select an appropriate article from the list. The **Properties Left** section will now appear where you can add an extra information about this item.

Add Article to Sale

Article Data

Article: HearIT
 Quantity: 1
 Supplier: TheSupplier
 Ear Side: Left
 Article Price: €,,0.00
 Sales Price: €,,0.00

Properties Left

Colour: purple
 Comment: 2 items of this colour left.

Save Cancel

- Click **Save** to add an article to sale and then select a checkbox to the left of the item. The item is now ready for delivery or lending.

<input type="checkbox"/>	2/5/2015 11:01 PM	Delivered	HearIT Side: Right Colour: Green Serial Number: 2222B	1	

Total Price: €50.11

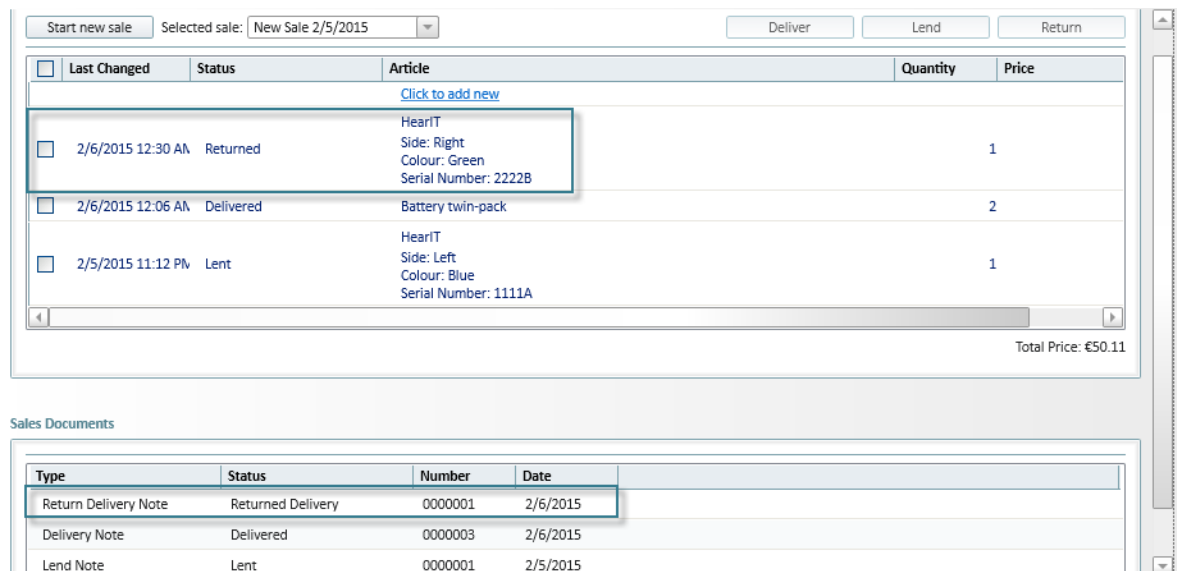

4.3 Returning Hearing Aids to Stock

To return a hearing aid back to stock:

1. Select an item you want to return and click the **Return** button. You will get a warning message. Click **Yes** if you want to continue.

2. The **Sale Items'** list will be updated:

3. The item is now put back in stock, and the stock list is also updated - the item status changed from **Delivered** to **In Stock**.
